The subject matter is so vast and comprehensive, and so close to home, that the reader wonders if this is a mystery thriller using the real world and our personal lives as subject matter, or a real investigation. This seems to be precisely what the author wants the reader to wonder, which makes the book more than entertainment and more than a documentary. It is truly a thriller, but fiction or not, the reader is left looking in the mirror to decide. - Don Sullivan Pictures tell a thousand words and with over 300 color images, this book engages and fascinates the reader.
