Vela, the revered and celebrated architect of this new society, has recently been avoiding her public duties in favour of visiting the Old Earth Museum and the company of its Security Guard. As the final migrants arrive, she is becoming increasingly obsessed by her memories, and questions are growing about her sanity. Leaving Planet Earth is a site-responsive promenade production on an epic scale. Tracing the story of humanity's first migration into space, it asks fundamental questions about our connection to this planet.
