LIFERAY BEGINNERS GUIDE

Packt Publishing Limited. Paperback. Book Condition: New. Paperback. 396 pages. Dimensions: 9.2in. x 7.4in. x 1.0in. Quick and easy techniques to build, deploy, and maintain your own Liferay portal. Detailed steps for installing Liferay portal and getting it running, for people with no prior experience of building portals. Follow the example of building a neighbourhood site with pre-installed portlets and custom portlets. Create your own communities, organizations and user groups, and learn how to add users to them. In Detail Liferay portal is a leading horizontal portal product, written in Java. It has the power to provide the intranets and extranets of large corporations. Liferay will allow you to build your companys portal quickly, efficiently, and in a custom way to suit the needs of your corporation. Liferay Beginners Guide will show you how to set up your own site from scratch. Most books assume that you have knowledge of portals before working with Liferay and so include more theory than practice. However, only enthusiasm is required for reading this book as the step-by-step instructions, which follow the creation of a sample community site, will make it easy to install and configure Liferay, set up a Liferay portal instance, and use the out-of-the-box portlets of Liferay. By following the logical flow of the chapters and the creation of the sample site, you will set up your Liferay site in several quick and easy stages. You will start by installing Liferay in your application server or servlet container of choice. You will learn how to customize the look and feel of the portal, change the URL of the site and create your own communities and organizations within the portal, then add users to them. By the end of the book, you will have a fully operational Liferay portal and the confidence to...
