This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2014 in the subject American Studies - Literature, grade: 1,7, University of Duisburg-Essen (Anglophone Studies), course: A Survey of American Literature, language: English, abstract: As the first female poet who was included into the regularly male canon of poetry, Emily Dickinson is one of the few popular American poets of the 19th century. Another equally influential contemporary American poet may only be Walt Whitman, whose main work was the poetry collection *Leaves of Grass* of 1855. The analyses are intended to underline my findings and serve to give an overview of the stylistic elements Dickinson uses to illustrate her view on the human ability to make sense of the world. I will conclude my outcome by explicating to what extent Emily Dickinson's poetry has been a poetic contribution to American Literature until today....
