This time we was goin deep into the heart of Mexico t look fer the seven caves of Chicomoztoc. They was the origin caves of five indigenous tribes down there n it would mean the world t em if we could find em. Now as ya can see right quick that only accounts fer five of em. That leaves two more. Wal now, them other two was supposed t be loaded with some of the purest veins of gold on earth n if we could find em it was gonna help the five villages we was workin with attract their young uns back. They d been leavin till there was only the real young n mostly old folks left. The lure of modern civilization was too strong fer em. Where we was gonna be explorin was as primitive as ya can get. It was infested with Mexican banditos that was as mean as a stepped on rattler. We had em breathin down our necks n we knew they d do us in n take everthin we had if they ever got the chance. Yer gonna be surprised at how clever them ancients was bout concealin the clues t where them caves was. Sam was up a stump tryin t figure em out. Hope ya got yer workin duds on cause there s a passel of work this time round. Thanks fer joinin up again. These treasure hunts are so much better when yer along. Gramps.
